

Sustainability Governance

Creating a sustainable company requires a commitment to all facets of Environmental, Social, and Governance stewardship, including:

Addressing climate change and being good stewards of environmental resources

Supporting all of our stakeholders including employees, contractors, suppliers, customers, local communities, and investors

Maintaining appropriate governance frameworks

Providing a long-term vision and sustainable strategy

Visura's policies and initiatives are interconnected and collectively contribute to the company's long-term sustainability. Given this interconnectedness, I imagine the oversight of Visura's ESG initiatives are governed by the full Visura board, with oversight of subject matter-specific components delegated to applicable board committees:
